

Dear Parents,

Welcome to the 2024 camp season! We are excited to offer this overview of what's in store for your campers this summer. Tamarack Country Club features two extensive camp programs: our Day Camp is available for children who turn 4 by December 1, 2023, through those entering 3<sup>rd</sup> grade in 2024, while our Sports Camp begins with 4<sup>th</sup> grade and extends through campers entering 8<sup>th</sup> grade in 2024.

Both camps offer full lunch service and instruction with our club professionals. While the focus of our Sports Camp lies primarily in golf, tennis, swimming, basketball and soccer the Day Camp includes a wide array of age-specific activities ranging from golf, tennis, martial arts, and swimming to educational programs, arts and crafts, and weekly entertainment.

This year's camp will be open to member's children, grandchildren and sponsored non-members. If your child has a friend who is interested in attending and is not a member of the club, please contact Brian for additional information.

We hope you are as excited as we are as we begin our 21<sup>st</sup> summer at Tamarack, and we look forward to having you as a part of our camp family!

- WACKY OLYMPICS
- CARNIVAL

# SPORTS CAMP

Our Sports Camp continues the development of an intensive tennis, golf, basketball, soccer, diving and swimming program that not only advances campers' skills, but also introduces campers to genuine competition in a safe, friendly environment. Sportsmanship and fair play are an integral part of our program, as our club professionals work hands-on with campers to foster a true love of sports. This year we will have a daily elective period where campers will choose between golf, tennis, swimming, basketball and diving.

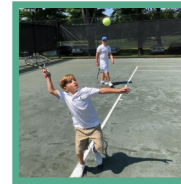

### GOLF

Our program is comprehensive and takes kids through the essentials: developing their own style within the technique, maximizing practice, promoting patience and encouragement, and most importantly fostering fun! On course play and competition

### TENNIS

Our club professionals work extensively with Sports Campers, providing individualized instruction to take them from casual play to a gradually more advanced program. Campers take part in regular competition within their groups on a daily basis. Our Director of Tennis, David Slater works to ensure that campers improve by incorporating various games, drills and match play.

### SWIMMING

Advanced swim instruction occurs each day, as campers receive personal attention as they work on a variety of strokes designed to further each child's individual level of ability. Staff diving instruction to learn the fundamentals.

### BASKETBALL

Clinics that focus on developing basketball fundamentals through drills and competitive games with an emphasis on proper shooting technique, footwork, passing skills and most importantly teamwork.

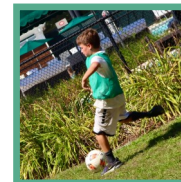

### SOCCER

The coach will focus on technical skills, foot work and having fun!

### DIVING

This elective will focus on proper body alignment and variations of jumping positions with diving.

# 2024
